**Am**            **Em**            **G**            **C9**

You're waiting for someone to put you together

**Am**            **Em**            **G**            **C9**

You're waiting for someone to push you away

**Am**            **Em**            **G**            **C9**

There's always another wound to discover

**Am**            **Em**            **G**            **C9**

There's always something more you wish he'd say

(refrão)

(ponte)

**Em**            **C9**            **Em**  
But you'll just sit tight and watch it unwind

**D**            **C9**

It's only what you asking for

**Em**            **C9**            **Em**  
And you'll be just fine with all of your time

**D**            **C9**

It's only what you're waiting for

(verso 3)

**Am**            **Em**            **G**            **C9**  
Out of the island and into the highway

**Am**            **Em**            **G**            **C9**  
Past the places where you might have turned

**Am**            **Em**            **G**            **C9**  
You never did notice, but you still hide away

**Am**            **Em**            **G**            **C9**

Anger of angels who won't return.

**Am**            **G**

I am everything you want

**Em**            **D**

I am everything you need

**Am**            **G**

I am everything inside of you

**Em**            **D**

That you wish you could be

**Am**            **G**

I say all the right things

**Em**            **D**

At exactly the right time

**Am**            **Em**            **D**            **C9**

But I mean nothing to you and I don't know why

(intro)

And I don't know why  
Why
