Lyrics & chords

```

E                               C
So this ain't the end - I saw you again today
                               E
I had to turn my heart away
                               C
Smile like the Sun - kisses for ev'ry one
                               E
and tales - it never fails!

CHORUS 1
                               C                               E
You lying so low in the weeds
                               C                               E
I bet you gonna ambush me
                               D                               A
You'd have me down, down, down, down on my knees
(tacet)                               E                               F# G
Now wouldn't you, Barracuda?

E                               C
Back over time when we were all trying for free
                               E
you met up with porpoise and me
                               C
No right, no wrong; selling a song - a name
                               E
Whisper game.
    
```

CHORUS 2

C **E**
 And if the real thing don't do the trick
C **E**
 You better make up something quick
D **A**
 You gonna burn, burn, burn, burn it to the wick
E
 Oooh, Barracuda?

C
 "Sell me sell you" the porpoise said
A **E**
 Dive down deep, now. Save my head. You ...

I think that you got the blues too.
C
 All that night and all the next
A
 Swam without looking back
E
 Made for the western pools -- silly, silly fools.

CHORUS 2

END
