

Music: Where the Streets Have No Name
Artist: U2

I want to run

D

I want to hide

I want to tear down the walls

That hold me inside

G

I want to reach out

Bm

And touch the flame

A

Where the streets have no name

Csus9

I want to feel, sunlight on my face

D

See that dust cloud disappear without a trace

G

I want to take shelter from the poison rain

Bm

A

Where the streets have no name

Csus9

Chorus: (Tab for chords to be played, repeat below for each line of chorus)

E-----

B----10----8----7-----

G----7----7----7-----

D-----

A-----

E-----

Where the streets have no name

Where the streets have no name

We're still building then burning down love

Burning down love

And when I go there

I go there with you...

It's all I can do

The city's a flood

D

And our love turns to rust

We're beaten and blown by the wind
Trampled in dust
I'll show you a place
High on the desert plain
Where the streets have no name
Where the streets have no name
Where the streets have no name
Still building then burning down love
Burning down love
And when I go there
I go there with you
It's all I can do
Our love turns to rust
And we're beaten and blown by the wind
Blown by the wind
Oh and I see love
See our love turn to rust
And we're beaten and blown by the wind
Blown by the wind
Oh when I go there
I go there with you
It's all I can do

By the way, for those interested in Edge's nifty intro and ending, here it is

(he uses some delay/echo of course):

```

E-----10-----
B-----10----11-----
G-----12-11-12-----
D-----
A-----
E-----
    
```

(Repeat above riff many times, let ring.)

Intro tab ends with:

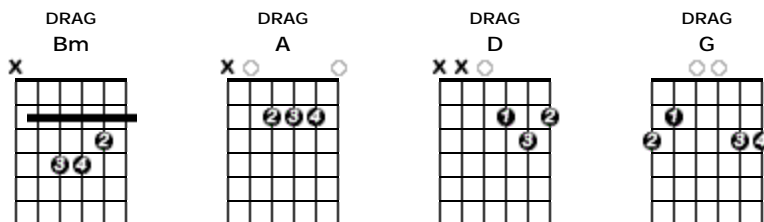

```

E-10-----10-----10-----10-----10-----
B---10-----10-----10-----10-----10-----
G-----12-----12-----12-----12-----12-----
D-----
A-----
E-----
    
```

Ending tab ends with above two riffs and then (repeat 4 times):

```

E-10-----10-----10-----10-----
B---10-----10-----10-----10-----
G-----11-----11-----11-----11-----
D-----
A-----
E-----
    
```
